

Monday 18 March 2024

Dear Parent/Carer

I hope this letter finds you well. After the Easter holiday, we will be introducing Sparx Reader as a replacement for Quizlet for all home learning assignments. Sparx Reader is a dynamic online platform designed to enhance students' reading comprehension skills through personalised and interactive exercises.

We believe that Sparx Reader offers several advantages over traditional methods of home learning assignments, and we are eager to share these benefits with you.

Personalised Learning:

Sparx Reader utilises adaptive technology to tailor reading material and comprehension exercises to each student's individual skill level and learning pace. This personalised approach ensures that students are appropriately challenged and supported in their reading development.

Tracking Progress:

One of the key features of Sparx Reader is its ability to track students' reading habits and progress over time. Teachers will have access to detailed analytics that provide insights into each student's strengths, areas for improvement, and overall reading growth. This information will enable us to provide targeted support and intervention as needed.

Accessibility:

Sparx Reader is accessible anytime, anywhere, allowing students to complete their reading assignments at their own convenience. Whether at home or on the go, students can access the platform from any device with internet connectivity, making it easy to incorporate reading practice into their daily routine.

In Partnership with:

Visit us here:

We are confident that the implementation of Sparx Reader will enhance the learning experience for our Year 8 students and support their development as proficient readers. We encourage you to discuss this change with your child and explore the platform together to familiarise yourselves with its features and functionalities.

If you have any questions or concerns regarding the use of Sparx Reader, please do not hesitate to get in touch.

Thank you for your continued support.

Yours faithfully

R Johnson
